

Month 1: Building strategy + vocabulary + idea of the exam + bruising up concepts

1. For quant section:

- **strategy guide:**
GRE All the Quant (must)(available at [perlego.com](https://www.perlego.com))

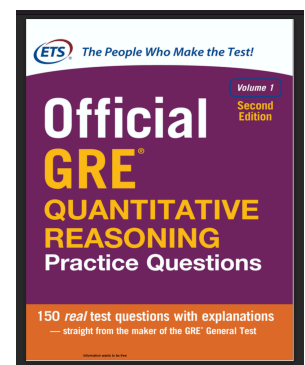

- **For official practice:**
Official GRE Quant Reasoning (must)

(pdf shared)

It is like a topical, so do after you complete the gre all the quant topics related to the chapter in that book

GRE big book (actual past exams) **(optional)**

For extra practice, not a topical, so gives an idea of the exam,
Can practice a section or two daily, depending on how you want to split between Verbal and Quant.
(a section contains 30 questions)

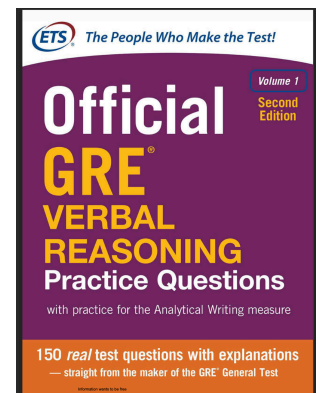

2. For verbal section:

- **For strategy and techniques:**
Magoosh Verbal playlist (must)
https://drive.google.com/drive/u/0/folders/1cRJR_0yERXcKwwwBtggKtERJa3ACmAy5
- For official vocabulary sets: **brainscape.com (must)**
<https://www.brainscape.com/l/dashboard/gre-vocabulary-4/decks>

- **For official practice:**
Official GRE Verbal Reasoning (must)
(pdf shared)
It is like a topical, so do after you complete the topic videos

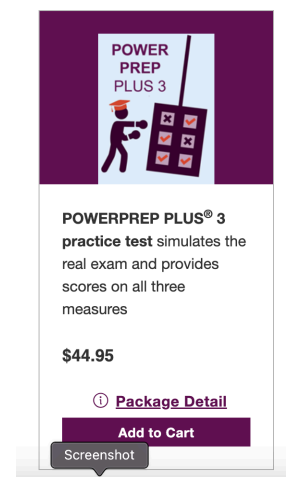

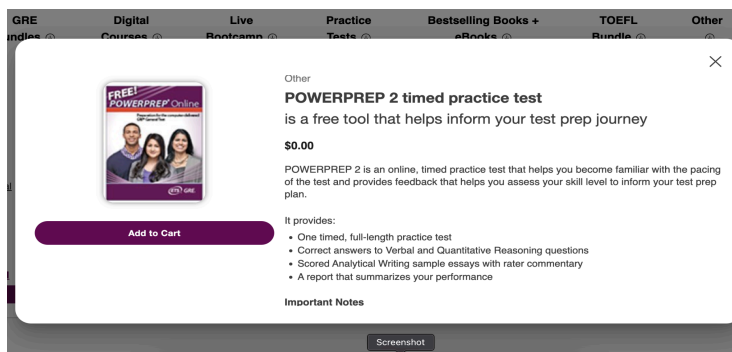

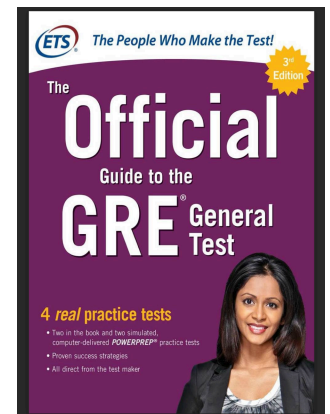

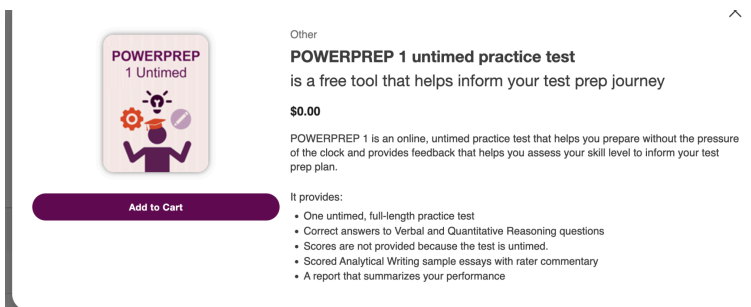

GRE big book (actual past exams) **(optional)**

Month 2: Tons of Practice + Error logs + revision + improvement + timed practice

Practice tests:

1. **The Official Guide to gre test for official exam practice (must)**
2. 2 Free GRE official test (one un-timed and one timed)(available on ets website **(must)**)
3. Power Prep plus 3 (paid, on ets' official website) **(better if done)**
4. Kaplan 6 practice test (available on [perlego.com](https://www.perlego.com)) **(better if done)**
5. GRE big book **(optional)**

Optionally, there are 2 more powerprep test available, but they are paid 44.95 dollars each, discounts code maybe available on the ets website for them, so they are optional as well.

Other than that the 5LB. Book or foundation of maths **(available on perlego)** can be available to brush up any concepts and for practice of a specific topic.
